

Quick link resources for Computing students

Login changes (Sept 2021)

BCIT has made significant changes to how to log in to BCIT Tools and Systems.

For returning students, this will be a change from using the BCITID, and the way new students will access BCIT resources.

Provide Consent kb.bcit.ca/student/providing-student-consent-access-sharefile-2142/

Accessing kb.bcit.ca/student/accessing-your-personal-files-148/

Accessing printing for personal devices when on campus

When on campus, students can connect to the print queues from BYOD (PC and Mac)

<https://kb.bcit.ca/student/accessing-wireless-pay-printing-with-windows-903/>

<https://kb.bcit.ca/student/accessing-pay-printing-from-your-mac-laptop-958/>

AppsAnywhere emulates a local installation and should recognize local printer devices available to personal device users. BCIT IT Services cannot assist with printer support for personal devices.
