| <b>PRODUCTION ORDER #:</b> 9105815636 | <b>DATE:</b> 1/3/2013, 9:12:49 AM |

It is hereby certified that all materials, herewith furnished in the quantities and quality, meet the specifications specified in the above purchase order. All measuring and test equipment used to inspect, test and calibrate this, and all other equipment manufactured by Siemens, is traceable to the standards of National Institute of Standards and Technology. Test and/or inspection reports are on file. Certain computer-chip devices are state-of-the-art components and, as such, are verified by their own programming on a one-to-one basis.

All work has been performed in accordance with our ISO 9001:2008 Registered Quality Management System, as documented in Siemens Quality Manual.

The equipment listed below meets applicable procedural requirements and is expected to perform within specifications, when installed in accordance with the instructions provided with the equipment.

Items include the following Part & Serial Numbers:

| PART NUMBER                                    | SERIAL NUMBER |
|--|---------------|
| 1010ENRE-T1KDXGS-S2<br>MLFB (7ME35001FA000AA1) | 38558         |
| <b>ADDITIONAL ITEMS:</b>                       |               |
|  |               |
|  |               |
|  |               |
|  |               |
|  |               |

Signed, *J. Beavis* Date, 1/3/13

The Quality Manager has approved this certificate for distribution to the customer, based on the controls stated above.
